## Mobile Advertising Display

*Advertise where you want, when you want*

As electronic roadside displays proves to be a successful cost effective advertising tool, Computronics releases a full colour LED display complete with trailer.

Computronics electronic advertising displays offer superior LED clarity in both full colour graphics, animations as well as simple text messages.

The full colour mobile advertising display comes with internal CPU, 4mm polycarb face, and multiple communication options.

Trailer comes with GPS locator.
