

# BHP Billiton Large LED Outdoor Safety Display

## PROJECT DATA SHEET

BHP BILLITON, THE WORLD'S LARGEST DIVERSIFIED RESOURCES COMPANY, HAS DISCOVERED THE POWER OF LED WITH THE RECENT INSTALLATION OF A LARGE LED SAFETY DISPLAY AT THEIR OLYMPIC DAM DEVELOPMENT SITE.

October 2006

Staff and visitors to the site are kept well informed on safety and production targets, along with relevant and timely messages.

This display highlights current production levels and targets, keeping all stakeholders informed and focused on the site's progress.

The flexibility of the LED displays allows for instant updates, ensuring the messages and data are kept current and relevant to viewers.

The display is a custom developed LED Safety and Production Board
